Project Group Evaluation Form

Your Name: _____

The purpose of this form is to help me assign appropriate grades to each member of your project group, based on the contributions made by each group member.

Part A: Your Contribution

Please briefly describe the contribution **you** made to the completion of the group project – what were the main tasks you accomplished that contributed to the project report and presentation? List only what you contributed.

Part B: Your Assessment of Group Member Contributions

Please list the members of your group other than yourself and rate their individual contributions.

Contribution Scale:

- 1** = no contribution: never attended group planning meetings, did not participate in research or writing
- 2** = small contribution: attended some group meetings, did some work but less than their fair share
- 3** = fair contribution: attended most group meetings, did their fair share of group work
- 4** = above average contribution: attended most group meetings, did more than their fair share of the work
- 5** = outstanding contribution: attended most or all meetings, did an extraordinary amount of work
